

MARKETING COORDINATOR FOR BOLLD INVESTMENTS

This is a fantastic opportunity for a results-driven and hands-on individual to join the team at Bolld Investments. Bolld Investments makes real estate investing easy and profitable with a hands-off, hassle-free experience. From purchase to profit, they'll get into a property that fits your goals, manage it and sell it when you're ready to turn a profit.

This role is remote with company headquarters in Vancouver, BC, Canada. You'll report directly to the CEO who will work with you on strategic and big picture goals.

As the Marketing Coordinator, you will be responsible for coordinating, planning, and executing marketing campaigns across multiple media channels to generate leads, acquire new customers, and retain existing customers. The leads you generate will be distributed among the sales team and it will be your responsibility to create a strong feedback loop to ensure qualified leads are entering the top of the funnel.

We would like someone with specific experience in website design, funnels, graphic design, content marketing, LinkedIn, and email marketing.

Your job will be to take the strategic guidance and make it a reality with tactical implementation and execution. The ability to organize, plan, and structure your workload in an autonomous fashion will be absolutely key to your success in this role. We neither have the time nor the inclination to micromanage you. You'll have a lot of freedom in this role but also a lot of responsibility.

The seven non-negotiables of this role are:

- **Copywriting.** You must have a natural way with words. You'll be crafting direct marketing campaigns across email, direct mail, web, and social media. Your written skills need to be excellent and we will expect to see samples of your previous work.
- **An eye for design.** A large part of the role will be creating visual aides and presentations for our sales team. You'll need some prior experience with graphic design.
- **Tech-savvy.** You don't need to be a technical expert but you must be tech-savvy and be able to quickly learn how to use new marketing tools and technologies. While we don't expect you to know all of the tools we use, we do expect you to be comfortable with it and able to pick up the concepts. Your daily tools of the trade will be CRM systems, content management systems, email marketing, etc.
- **Leadership potential.** Initially, you'll be our only in-house marketing person but as you and the business hit goals, we fully expect this role to morph into a marketing team leader role where you will manage a team of marketing assistants and 3rd party vendors.
- **Project management.** Ideally, you've had experience in project management. A large part of this role is creating and adhering to deadlines, drafting budgets, and moving simultaneous projects forward to completion. You know how to get the right people involved to get the job done.

- **Teachable and coachable.** There will be a LOT of learning on the job as we do marketing very differently. There is no place here for know-it-alls. We hire based primarily on attitude.
- **Self-starter.** Goals will be clearly defined from the outset. Often, it will be your job to determine what needs to happen, when, and how. The attitude of continually starting things on your own is very important.

Additional Skills Preferred:

- Prior email marketing experience
- Google Analytics experience
- Social media marketing
- Canva experience
- Familiarity with Vancouver (would love to feature other small, local companies)

Perks of the job:

- This is a 100% remote position, although we prefer someone who is based in Canada.
- Starting off at 20 hours per week for a 3-month trial, the opportunity for this to move into a full-time role.
